EXPERIENCE

Lead Web Developer / IT Specialist – NCBN (Nigeria) | Aug 2023 – Present

- Managed and optimized the company's WordPress website, maintaining accurate content, consistent layout, and high performance.
- Utilized strong diagnostic skills to identify and resolve software bugs, thereby enhancing user experience and functionality.
- Provided hardware-related support by diagnosing issues, conducting repairs, and offering technical guidance to colleagues.
- Made use of SEO to drive traffic to the website and ensured a rapid growth of consistent visitors.
- Ensured smooth software integration and compatibility through successful installations and updates, contributing to efficient system operations.

Frontend Developer & AWS Engineer – Ambify (UK), Remote | May 2023 – Present

- Integrated Next.js app with AWS backend using AWS Amplify.
- Created APIs with AppSync and utilized GraphQL for queries.
- Worked with AWS services: S3, Dynamo DB, Cognito, IoT Core, and briefly with EC2 and Lambda functions.
- Designed and integrated Dashboards using Next.js and Tailwind CSS.
- Led Frontend team for dashboard and landing page development.
- Ensured clean code and proper folder structure for readability.
- Collaborated with designers, stakeholders, and product managers.

Volunteer Frontend Developer – Mein Sherpa (Germany), Remote | Feb 2023 – May 2023

- Collaborated with design team to create responsive UI using Vue.js and Tailwind CSS.
- Facilitated Frontend-backend communication for optimal performance.
- Transformed API data into user-friendly displays.
- Utilized PHP for backend communication.

Intern Frontend Developer - Linux Jobber (Lagos), Remote | Jul 2022 – Oct 2022

- Collaborated with senior developers and project managers to develop new features and enhance existing functionalities using React.js, Tailwind CSS, and Styled-Components.
- Gained hands-on experience in building responsive and user-friendly web interfaces while adhering to design guidelines.
- Assisted in the development of reusable React components and utilized hooks and libraries to optimize code efficiency.
- Contributed to the overall codebase, fostering a collaborative and productive development environment.

Website Developer - Upwork, Remote | Feb 2022 – Oct 2022

- Worked as a freelancer on Upwork to bring clients ideas to life.
